

## Ten Secrets of Super Driving

1. Be aware of your surroundings — pay attention.
2. Do not depend on other drivers. Be considerate of others but look out for yourself.
3. Plan your movements anticipating the worst-case scenario.
4. Have an escape route. Always leave yourself an out — a place to move your vehicle if your immediate path of travel was suddenly blocked.
5. Follow the 3- to 4-second rule.
6. Keep your speed down but go with the flow.
7. Separate risks. When faced with multiple risks, it's best to manage them one at a time.
8. Cut out distractions.
9. Familiarize yourself with traffic rules
10. Resist road rage.

## Smith System of Defensive Driving

1. **Aim High in Steering.** Look 15 seconds into your future.
2. **Get the Big Picture.** Look for Hazards.
3. **Keep Your Eyes Moving.** Don't stare.
4. **Leave Yourself an Out**
5. **Make sure They See You.** Use your signals, make Eye Contact.
